

## Portable Digital Video Recorder with Built-In 3.5" Color TFT/LCD Monitor & Internal 160 GB Hard Drive

Portable Digital Video Recorder (front view)  
Dimensions: 5.12 X 3.27 X 1.02"

Portable Digital Video Recorder Video Recording Playback Screen Shot

**\*\*Video Recording Time:** Assumes no data is stored on device's hard drive prior to video recording session. Recording hours are listed at highest bit rate (5 Mbps). Greater recording times can be achieved by decreasing bit rate/image quality or through use of an SD memory card (not included). Device's expandable memory slot supports SD cards with up to 32GB memory capacity.

- **Time/Date Stamp with Tamper-Resistant Frame Counter:** Helps to preserve integrity of recorded video evidence for court purposes.
- **Built-In 3.5" Color TFT/LCD Monitor:** Allows operator to monitor (watch and listen) to video during and after the recording process.
- **Portable/Compact Battery Powered Design:** Device is lightweight, easily fits into a pocket, and can be operated for approx. 3 hours from internal battery rechargeable battery (unlimited operating time can be achieved when connected to external power supply).
- **Compatibility:** Device can be connected to and record data from virtually any audio/video data source equipped with RCA component outputs (surveillance cameras, body-worn video cameras, wireless audio/video receivers, etc...).
- **Easy to Use:** User-friendly design/interface allows device to be set-up and operate in under a minute.
- **Video Still Capture:** Allows operator to take video still images of video data as it is being recorded or played back.

### Internal 160GB Hard Drive Memory Capacity & Selectable Resolution:

VIDEO RECORDING TIME**:	
Resolution	Hours
1280 X 960	36
1280 X 720	48
1024 X 768	54
720 X 480	62
640 X 480	69
320 X 240	213

### SPECIFICATIONS:

<b>Display:</b>	3.5" RGB 320 X 240 Color TFT LCD
<b>Video Input:</b>	NTSC/PAL (Auto-Detection)
<b>Video Recording Modes:</b>	Selectable: Standard, Motion Detection, Schedule, Pre-Event Mode
<b>Resolution Mode:</b>	Selectable: 320X240, 640X480, 720X480, 1024X768, 1280X720, 1280X960
<b>Max. Resolution:</b>	Above 720p (1280X960)
<b>Memory Type:</b>	Built-In 1.8" 160GB
<b>Expandable Memory:</b>	Supports up to 32GB SDHC (not included)
<b>Frame Rate:</b>	Selectable Frames/Second (fps): 1, 5, 10, 15, 25, 30 (real-time)
<b>PC Interface:</b>	USB 2.0
<b>Image Quality (Bit Rate):</b>	In Standard: 720X480 @ 30 fps (NTSC); Adjustable: High (5 Mbps), Medium (3.3 Mbps), Low (2.5 Mbps)
<b>Date/Time Table:</b>	YYY/MM/DD (U.S.) or HH, MM, SS (UK)
<b>Frame Counter Stamp:</b>	Yes
<b>Picture Format:</b>	Baseline JPEG
<b>Power Consumption:</b>	5v 600mA Average
<b>Battery Type:</b>	Rechargeable Lithium Ion: DC 3.7v/2200mA
<b>Battery Life:</b>	When Fully Charged Approx. 3 hours; Unlimited When Connected to External Power
<b>Dimensions:</b>	Approx. 5.12 X 3.27 X 1.02" (120 X 83 X 26mm)
<b>Weight:</b>	Approx. 9.35 oz. (265g) (without battery)

### PRICING/ORDERING INFORMATION:

Item #	Description	Price/Unit
ETG-DVR-35160	Portable Digital Video Recorder with Built-In 3.5" TFT/LCD Monitor & Internal 160GB Hard Drive	\$799.95

**NOTE:** Item # ETG-DVR-35120 is delivered with the following accessory components for **NO** additional charge: (2) 3.7v Rechargeable Li-Ion Batteries, (1) 5v AC Power/Charger, (1) A/V Cable (1 to 3 RCA Male), (1) Cable (1 to 2 RCA Female), (1) USB 2.0 Cable, (1) IR Remote Control, and (1) Nylon DVR Carry Pouch

*Also Available...*

### Audio/Video Capture to PC Connection Module

A powerful device and software package that allows virtually any analog video source to be captured/recorded to a PC's hard drive. Only \$124.95/unit.
